- 2 Slide-in Hot-swappable power supply system
- 3 Hot-swappable fans
- LED indication for Primary (Power A) and Back (Power B) power supplies
- Plug & Play Operation
- Redundant and load sharing power supply system

Description

RACK-MEDIA16, Universal Media Converter Rack, provides 16 slots for any combination of FOC Media Converters. Up to sixteen media converters can be powered by the Converter rack without the requirement of external power supplies. The unit features a redundant power supply system with automatic power load sharing to ensure proper operation even in case of a power supply problem.

More over, to acquire a convenient maintenance, 3 Hot-swappable fans can be changed while **RACK-MEDIA16** is working. All above user-friendly designs make **RACK-MEDIA16** in a shape of high performance and reliability. **RACK-MEDIA16** can be used as a table top unit or installed into a 19-inch rack by using 19-inch brackets shipped together with the unit.
